

## **Controls Group North America (CGNA) Selects Tridium as a Preferred Vendor**

**BREA, CA, May 26, 2005** - Controls Group North America, (CGNA), a national network of independent distributors that provide products and engineering services for automation and systems integration, today announced that it has selected Tridium, Inc. as a Preferred Vendor.

Tridium has chosen a two-step distribution model through the Members of CGNA as a key channel to market their Vykon™ Building Solutions. Based on Tridium's Niagara Framework®, Vykon Building Solutions are designed from the ground up to integrate diverse systems and devices regardless of manufacturer or protocol.

CGNA and Tridium will be joining Controlco, Concord, CA, in their booth (#612) at Realcomm in Anaheim on June 27-28, 2005. Controlco is a Tridium Authorized Distributor and Member of CGNA. For further information, visit [www.controlco.com](http://www.controlco.com).

### **About Tridium, Inc.**

Tridium is the inventor of the patented Niagara Framework®, a software framework that integrates diverse systems and devices—regardless of manufacturer, communication standard or software—into a unified platform that can be easily managed and controlled in real time over the Internet or intranet using a standard web browser. Niagara provides many benefits across a wide variety of customer applications including: building automation, energy services, remote site management, service bureaus and maintenance management.

Tridium is a privately held software company headquartered in Richmond, Va., with subsidiaries based in London and Singapore. Tridium markets its products to value-added resellers, original equipment manufacturers and a network of Tridium Systems Integrators. Additional information about Tridium is available at [www.tridium.com](http://www.tridium.com).

### **About CGNA**

Controls Group North America (CGNA) is an innovative marketing group with a membership consisting of 34 independent wholesale controls distributors with more than 120 locations across the United States and Canada. Additional information about CGNA is available at [www.cgnacontrols.com](http://www.cgnacontrols.com).
