2025 Program

TRIDIUM

introduction

Tridium is committed to supporting the Niagara developer community, including assisting new developers in becoming acquainted with the Niagara Framework®.

We invite enterprising developers to join this community, leveraging the strength of Niagara Framework to reach new markets, help improve customer satisfaction, bid more projects, offer new services, and extend the functionality of new and existing systems.

The openness of Niagara allows developers to create their own unique products, applications, plug-ins, data views and business application logic.

WHY BUILD IT
WHEN YOU CAN
BUILD
ON TOP OF IT?

niagara
framework®

developer program

Our Developer Program is intended for both experienced developers and developers who are new to Niagara Framework as well as those who are creating software and want it to work with Niagara Cloud Suite.

To assist your business and help you develop, the Developer Program is focused on four main areas:

IMPROVED ACCESS TO KNOWLEDGE

Find source info
for developing
on Niagara

ACTIVE COMMUNICATION

Stay up-to-date
on changes and
upgrades

TOOLS & SUPPORT

Access to tools
and developer
support team

COMMERCIAL POSITIONING & PROMOTION

Special recognition
and list solutions
on Tridium's websites
