PRODUCT UPDATES

Niagara 5 Beta Program

Interested in participating in Niagara 5 beta program? It's not too late. Use the link below to complete the form to be included in Niagara 5 Early Access communications and participation opportunities.

[N5 BETA PROGRAM SIGN UP](#)**niagara 4.15**

Niagara 4.15u5

Niagara Framework® 4.15u5 includes security updates and bug fixes including an update to correct for the [recently reported program module issue](#). Niagara 4.15 is the active Long-Term Support (LTS) version and replaces Niagara 4.10.

niagara 4.14

Niagara 4.14u6

Niagara Framework® 4.14u6 contains a number of general core hardening features, such as fixes for any defects and security issues.

[NIAGARA PRODUCT PAGE](#)[RELEASE ANNOUNCEMENT](#)**niagara
remote™**

Niagara Remote with FoxC is Now Available for Beta Testing!

FoxC, the next expansion of Niagara Remote™ connection capability, is now available for beta evaluation. We're seeking interested partners to participate in the Beta Program.

niagara
access

Niagara Access™ Discontinued

Based on an extensive evaluation of the Niagara Access offering following a beta program and partner feedback cycle, Tridium has made the decision not to proceed with the commercial launch of Niagara Access. Effective immediately, the Niagara Access program is being discontinued and will not be released commercially.

ANNOUNCEMENTS

8000-9000 License Transfer Promotion Extended to October 31, 2026

The limited-time license transfer promotion for active SMA holders allows you to swap a JACE 8000 license for a JACE 9000 license by paying just a license-transfer fee, instead of the full cost for a new JACE 9000 license.

[VIEW FLYER](#)

Technical Bulletin: Update Niagara to Address Program Module Vulnerability

Update your Niagara Software to address program module vulnerability. This technical bulletin is to make you aware of a privilege escalation vulnerability identified in the program module.

[MORE INFO](#)

Software Maintenance
Agreement Benefits

Niagara SMA Benefits

Do more with your SMA including the 8000-9000 license transfer promotion and inclusion of certain Niagara Cloud Suite services (Niagara Recover™ and Niagara Remote™). When covered by a Niagara Software Maintenance Agreement (SMA), you are entitled to install the latest Niagara Framework® releases as soon as they are made generally available.
