ACCELERATING INNOVATION

WHAT'S TOP OF MIND?

1. Supply chain (tactical)
2. The future of Tridium (strategic)

A large elephant is the central focus of the image, appearing to be in a meeting room. The elephant's head and trunk are prominent on the left side, with its trunk reaching towards the center. In the background, a group of diverse business professionals are seated around a table, engaged in a discussion. The scene is brightly lit, suggesting a modern office environment. The overall image has a light, airy feel with a soft focus on the people in the background.

1. SUPPLY CHAIN

- Material constraints
- Logistics
- Labor shortages

2. THE FUTURE OF TRIDIUM

We believe in...

Building
on our
core

niagara

values to
emphasize:

- 1 DEMOCRATIZING BUILDINGS DATA**
Make it easily and securely accessible to all parties for transparency and experience
- 2 SIMPLIFYING REAL ESTATE AND ASSET MANAGEMENT**
Access to data from all systems in buildings to comply and make smart decisions that only experts can make today
- 3 CONTRIBUTING TOWARDS A SUSTAINABLE FUTURE**
Buildings make up 40% of carbon footprint and we can help slash it
- 4 CREATING SAFE, HEALTHY AND EXCITING SPACES**
Real estate should serve as a strategic asset to help drive productivity and to attract and retain top talent
- 5 AN AUTONOMOUS FUTURE**
Portfolio that is mostly autonomous will make better decisions for cost, environment, occupants and long-term financial returns
- 6 EMPOWERING THE NIAGARA COMMUNITY**

“Here’s to
the crazy
ones”

“Because the
people who are
crazy enough
to think they
can change the
world are the
ones who do.”

Thank you
