

NEW PROGRAM FOR 2018

jump to analytics-supercharged JACE 8000

Introducing the new JACE 8000 Trade Up program for 2018. This is the year to make the move to the more advanced and secure Niagara 4 platform. Trade legacy JACE® controllers for JACE 8000s loaded with more analytic points and power.

JACE 8000 TRADE UP PROGRAM FOR 2018

Technology upgrades

- Do more with Niagara Analytics: Trade legacy JACEs for JACE 8000s with 1,000 analytic points included
- Get Niagara know-how: Complimentary e-learning course for Niagara Analytics (one seat for SIs) and Niagara 4 with analytics (one seat for end users)
- Carefully plan your migration to Niagara 4: Each JACE 8000 in the program comes with a Niagara AX license (JACE-8000-AX)

Discounts on large orders

Trade 15 or more legacy JACEs in a single order to receive a 10% discount on JACE 8100s and JACE 8200s

Legacy JACEs will be deactivated and removed from field service. Consult your Niagara partner for further detail.

If you've been wanting to utilize the advances in the Niagara Framework® and harness the power of the Internet of Things, this is the year for you to get started.

The bigger the jump to JACE 8000, the more you'll save. Don't wait — the program ends December 1, 2018.

Contact your Niagara partner today to get started.

ELIGIBLE JACE PLATFORMS

Active licensed JACE 2, 3E, 4, 5, 6, 6E, 7 (R2 or Niagara AX)

DRIVERS, SOFTWARE OPTIONS AND ACCESSORIES

- Eligible drivers not standard on the JACE 8000 which are available in Niagara 4 transfer automatically (Example: DR-APUP)
- Eligible drivers already on the JACE 8000 (Example: DR-MSTP) do not transfer
- Drivers not available in Niagara 4 do not transfer and are not returned to software stock
- Discount does not apply to new drivers not already on the target replacement JACE
- Software options and accessories not already specified do not transfer
- Third-party drivers and features are not covered under this program. Please contact your source for third-party drivers directly for support.
